

Mandatory Vaccination

All guests and crew must be fully vaccinated with approved dose(s) against COVID-19, at least 14 days prior* (conditions apply for France). Guests will be required to present confirmation of vaccination upon boarding and will be refused boarding if this documentation is not provided.

Standard Dose

Pfizer & BioNTech 2 doses

Moderna 2 doses

AstraZeneca 2 doses

Johnson & Johnson 1 dose

Sputnik V 2 doses

Sinopharm / Sinovac 2 doses

*France requires guests vaccinated with Johnson & Johnson (Janssen) at least 28 days prior.

While Scenic can accept these vaccines, including mixed doses of above, guests are responsible for ensuring that countries transited to and from the port of embarkation and disembarkation also accept these vaccines.

Booster Dose

Vaccinations must be current at time of travel. Current means a person has received all recommended COVID-19 vaccines, including any booster dose(s) for the countries visited on their Scenic journey. When a booster dose is not mandatory by all countries visited, embarkation will be permitted with standard dose requirements. Scenic still recommends all guests to receive a booster dose, even when not required to ensure maximum protection against COVID-19.

Guests must:

- Carry and present confirmation of vaccination
- Complete any travel entry requirement forms for the country at the start of your Scenic journey
- Check with your airline on any update to protocols or boarding requirements
- Complete a Scenic Health Questionnaire - present on embarkation of your cruise

On Board

- Enhanced health and safety protocols will be in place throughout your cruise to safeguard your wellbeing. These include:
- An on board briefing will be provided to ensure all guests are aware of our COVID-19 protocols
- Regular cleaning and disinfection of all areas of the ship will be strictly adhered to
- Masks may be required in all public areas on board the ship when physical distancing is
- not possible. We will follow local government and health advisories which Scenic must
- adhere to. Your dedicated on board staff will keep you updated on requirements.
- Hand sanitation stations will be set up in all public areas
- Local government regulations will be followed off board during shore excursions
